Dear Potential Sponsor:

The Foundation for Rural Housing, Inc., is holding our first annual “Rock the “less” out of homeless” Fundraiser. We attempted to hold in 2021 but had to postpone the event due to many different factors.

We have moved our date based on availability of our shelter and live entertainment which has created an opportunity to rework the even to a Halloween themed fundraiser. We are excited about all the fun we can have with our community partners for this event.

Our foundation has been serving rural Wisconsin for 50 years providing one time critical assistance dollars to household that have experienced something out of the ordinary that has left them missing their rent payments. Many of these household live paycheck to paycheck, maybe you can relate or know someone that struggles keeping their car running and paying their rent.

Our fundraiser will raise awareness to this concern and use the funds to further support low income households across the State of Wisconsin with housing needs.

No donation is to small. Thank you in advance for your consideration!

Jennifer Fasula, Executive Director
